

1098T Information

The IRS requires educational institutions to provide this form to students who meet certain criteria. Here are a few facts and answers to commonly asked questions regarding the 1098T that we hope you will find helpful.

- The 1098T is an "information form" only. It does not contain all the information needed to determine if you are eligible to receive a tax credit, and you are not required to attach it to your federal income tax return.
- Students enrolled in non-credit programs **do not** receive 1098T forms.
- The IRS REQUIRES THAT EITHER YOUR SOCIAL SECURITY NUMBER OR YOUR TIN APPEAR ON THE 1098T in order for them to match your tax records to the electronic file provided by the University.
- Non-citizen students will only be issued 1098Ts upon request. If you are eligible to file taxes and need a 1098T Form, please request one from the GNTC Business Office by emailing businessoffice@gntc.edu. All requests must be submitted via email and must come from your GNTC student email. The 1098T form will be delivered electronically to your GNTC student email address.
- As permitted by IRS Regulations, GNTC reports by qualified charges, not payments method.
- **VERY IMPORTANT:** If you registered for a spring term during November or December of the previous year, those charges were reported on your 1098T for the previous year and was subsequently noted in Box 7. For more information regarding how this should be handled on your tax return, refer to IRS Publication 970 or contact the IRS Help Line.
- GNTC cannot provide tax preparation assistance or advice. For guidance, please consult your tax preparer, or visit the IRS website at:

Explanation of Boxes on 1098T Form:

Box 1. Payments Received for Qualified Tuition and Related Expenses

GNTC does not report this information. We are required to report either Box 1 or Box 2. Like most educational institutions, we report Box 2.

Box 2. Amounts Billed for Qualified Tuition and Related Expenses

Amounts billed during the "calendar year" for qualified tuition and related expenses. Please refer to IRS guidelines for specifics regarding qualified expenses other than tuition.

Box 3. Checkbox for Change of Reporting Method

This box would only be checked if GNTC changed its method of reporting. We have always reported "Amounts Billed," therefore the box will not be checked.

Box 4. Adjustments Made for a Prior Year

Any reductions in charges made for qualified tuition and related expenses made during the calendar year that relate to amounts billed that were reported for a prior year. *Example: The student registers and is charged for spring 2016 classes in December 2015. In January 2016, the student drops a class, thereby reducing the amount of tuition charged. This reduction should be reflected in Box 4.*

Box 5. Scholarships or Grants

Total amount of scholarships or grants that were posted during the calendar year for payment of the student's cost of attendance. Scholarships and grants generally include all payments received from 3rd parties (excluding family members and loan proceeds). This includes payments received from governmental and private entities such as the Department of Veterans Affairs, the Department of Defense, civic and religious organizations, and nonprofit entities.

Box 6. Adjustments to Scholarships or Grants for a Prior Year

Any reduction to the amount of scholarships or grants that were reported in a prior year.

Box 7. Checkbox for Amounts for an Academic Period Beginning in January through March of 2017.

This box will be checked if any amounts billed for qualified tuition and related expenses reported for 2016 relate to an academic period that begins January through March 2017. This applies to students who registered in November or December 2016 for spring 2017. If you were charged and billed for spring prior to the end of 2016, that tuition will be reported on the current 1098T. Please refer to IRS Publication 970: <http://www.irs.gov/pub/irs-pdf/p970.pdf>

Box 8. Check if At Least Half-Time Student

This box will be checked if the student was enrolled at least half-time during any academic period that began in 2016. See Higher Education Act 34 C.F.R., Section 674.2(b) to determine the standards established by the Department of Education as "half-time."

Box 9. Check if the student is a Graduate Student

This will include graduate programs, or programs leading to a graduate-level degree, graduate-level certificate, or other recognized graduate-level educational credential.

Box 10. Insurance Contract Reimbursements or Refunds

GNTC does not populate this box.
