Due to COVID social distancing restrictions, we are only able to provide a limited number of workshops for the current semester. To see the latest workshop offers available for the current semester, view the Workshops page of the Academic Support Center organization within Blackboard.

In order to access the Virtual Lab within Blackboard, students must have previously self-enrolled in to the Academic Support Center organization in Blackboard.

To view instructions on self-enrolling in to the ASC organization, view the on-campus tutoring lab schedules, view the instructions for making an on-campus appointment, or find answers to frequently asked questions, visit the [Academic Support Center homepage](#).

Please check back for updates. If you have any questions or would like to request a specific workshop, please contact [Marty Moorehead](#), the Tutorial Services Coordinator.
