

Credential Success Rate

Graduating class of 2019

Abdomen

Number of students taking Abdomen Credential	8
Number of students earning Abdomen credential from ARDMS	4
Number of students earning Abdomen credential from ARRT	0
Total number of students earning Abdomen credential	4
Abdomen credential success rate	50%

Obstetrics and Gynecology

Number of students taking OB-GYN Credential	5
Number of students earning OB-GYN credential from ARDMS	4
Number of students earning OB-GYN credential from ARRT	0
Total number of students earning OB-GYN credential	4
OB-GYN credential success rate	80%

Echocardiography

Number of students taking Echocardiography Credential	9
Number of students earning Echocardiography credential from ARDMS	9
Number of students earning Echocardiography credential from CCI	0

Number of students taking Echocardiography Credential	9
Total number of students earning Echocardiography credential	9
Echocardiography credential success rate	100%

Vascular

Number of students taking Vascular Credential	8
Number of students earning Vascular credential from ARDMS	8
Number of students earning Vascular credential from CCI	0
Total number of students earning Vascular credential	8
Vascular credential success rate	100%

Graduating class of 2018

Abdomen

Number of students taking Abdomen Credential	8
Number of students earning Abdomen credential from ARDMS	8
Number of students earning Abdomen credential from ARRT	0
Total number of students earning Abdomen credential	8
Abdomen credential success rate	100%

Obstetrics and Gynecology

Number of students taking OB-GYN Credential	1
Number of students earning OB-GYN credential from ARDMS	1
Number of students earning OB-GYN credential from ARRT	0
Total number of students earning OB-GYN credential	1
OB-GYN credential success rate	100%

Echocardiography

Number of students taking Echocardiography Credential	8
Number of students earning Echocardiography credential from ARDMS	8
Number of students earning Echocardiography credential from CCI	0
Total number of students earning Echocardiography credential	8
Echocardiography credential success rate	100%

Vascular

Number of students taking Vascular Credential	10
Number of students earning Vascular credential from ARDMS	10
Number of students earning Vascular credential from CCI	0
Total number of students earning Vascular credential	10
Vascular credential success rate	100%

Graduating class of 2017

Abdomen

Number of students taking Abdomen Credential	8
Number of students earning Abdomen credential from ARDMS	8
Number of students earning Abdomen credential from ARRT	0
Total number of students earning Abdomen credential	8
Abdomen credential success rate	100%

Obstetrics and Gynecology

Number of students taking OB-GYN Credential	4
Number of students earning OB-GYN credential from ARDMS	4
Number of students earning OB-GYN credential from ARRT	0
Total number of students earning OB-GYN credential	4
OB-GYN credential success rate	100%

Echocardiography

Number of students taking Echocardiography Credential	9
Number of students earning Echocardiography credential from ARDMS	8
Number of students earning Echocardiography credential from CCI	1
Total number of students earning Echocardiography credential	9

Number of students taking Echocardiography Credential	9
Echocardiography credential success rate	100%

Vascular

Number of students taking Vascular Credential	5
Number of students earning Vascular credential from ARDMS	5
Number of students earning Vascular credential from CCI	0
Total number of students earning Vascular credential	5
Vascular credential success rate	100%

Job Placement Rates

2019 Graduating Class	Attrition	ARDMS Credentials Success Rate	Employment Rate
