

Automotive Transmission/Transaxle Specialist (AA71)

Certificate eMap

This eMap, along with regular meetings with your program advisor and using DegreeWorks, will help you remain on track to finish your program as quickly as possible and graduate from Georgia Northwestern Technical College. This eMap is intended to be used when beginning the program in Fall semester. Starting the program in Spring or Summer semesters may alter the suggested courses or course availability. This pathway is based on the 2024-2025 academic year.

Please note: This pathway follows the recommendations for the Walker County Campus.

1st set of suggested courses

Course	Hours	Completed
AUTT 1010 Automotive Technology Introduction	2	<input type="checkbox"/>

AUTT 1010 is only offered in the Fall term as a day class or in the Summer as an evening class only. This course may not be available in spring.

1st set of suggested courses

Course	Hours	Completed
AUTT 1020 Automotive Electrical Systems*	7	<input type="checkbox"/>
AUTT 2020 Automotive Manual Drive Train and Axles (Course offered in evening / Corequisite: AUTT 1010)	4	<input type="checkbox"/>

It is highly recommended students complete AUTT 1010 before taking AUTT 1020.

2nd set of suggested courses

Course	Hours	Completed
AUTT 2030 Automotive Automatic Transmissions and Transaxles (Courses offered in evening) / Prerequisite: AUTT 1020)	5	<input type="checkbox"/>

Total Credit Hours: 18 Minimum Credit Hours Required to Complete Certificate

Automotive Transmission/Transaxle Tech Specialist Certificate Program Planning Notes:

- Classes for this program are offered at the Floyd County Campus and Walker County Campus (schedules may vary).
- This program cannot be completed in the evening only. Day and evening courses are required throughout the program.
- The following supplies will be required for the program. Contact Program Advisor for detailed list of supplies and purchasing recommendations.
 - (1) Textbooks
 - (2) An automotive uniform: navy pant w/ navy button up shirt OR navy pants w/navy GNTC t-shirt. Hat is optional.
 - (3) Tools which meet industry standards quality; drive sets (multiple sizes required), wrenches, screwdriver sets, pliers, miscellaneous items. Tools are needed by the second month of class.
- *Course is recommended by Program Advisor. Additional courses may be available to meet that requirement but may require pre-requisites or may extend the length of the program. See Course Catalog for more information.

Additional information for the Automotive Transmission/Transaxle Tech Specialist Certificate and program requirements can be found at [GNTC 2024-2025 Catalog](#).
