

Program Outcomes

The Medical Assisting Program at Georgia Northwestern Technical College reports the following outcome data from the 2024 Annual Report. Program outcomes for Exam Passage are determined from the four different national certifications. Upon completion of the program, the graduate qualifies to sit for any of the following national certifications: American Association of Medical Assistants (AAMA) – CMA, American Medical Technologist (AMT) – RMA, National Center for Competency Testing (NCCT) – NCMA, or National Healthcareer Association (NHA) – CCMA.

Credentialing Exams: **CMA, RMA, NCMA, and CCMA**
